Battery Applications

Telephone: 615-273-3426

Listed below are some of the more common (and a few not so common) scooters and power wheelchairs. Before you order, however, it might pay to check the old batteries for a 2 digit "group number" somewhere on the battery. The three most common of these numbers are: U1, 22 (or 22NF), and 24. As we have listed by the ordering buttons on our Batteries page, please use the following chart for cross-reference:

<u>Group #</u>	<u>Stock # to Order</u>
U1	UB12350
22NF or 22	UB12550
24	UB12750

If all this sounds confusing (and I can understand why it might be), please send us an [E-Mail](#) or give us a call, and we will be sure you get the correct battery.
